BY THE COMMISSION:

By written request for funding received August 12, 2008, Gage County Public Safety Answering Point, Beatrice, (Gage County) seeks funding from the Enhanced Wireless 911 Fund (Fund) for implementing and providing enhanced wireless 911 service.

In its application, Gage County seeks non recurring costs in the amount of **\$6,200.00** for an additional map software license needed due to the addition of a third 911 operator and recurring costs in the amount of **\$4,385.00** for five-years software support services related to the additional license of GeoLynx software necessary for enhanced wireless 911 service. Funding for the installation of the software and maintenance was previously approved by the Commission on April 10, 2007, and June 24, 2008. Gage County has entered into a contract with GeoComm, Inc. (GeoComm) for five years of software maintenance commencing August 1, 2008, and has provided a copy of the contract with its request for funding.

The Enhanced Wireless 911 Advisory Board considered Gage County's request at its October 6, 2008 meeting and recommended that the Commission approve the request in full. All amounts requested are consistent with GeoComm's response to the Commission's RFP as amended and approved by the Commission in Docket No. 911-011/PI-79 on June 24, 2008. In its contract with GeoComm, Gage County authorizes the Nebraska Public Service Commission to remit payments directly to the vendor consistent with the terms of the contract.
